Strategy for International Cooperation in Acquisition, Technology & Logistics

IAF XXV

VISION

Promote international cooperative acquisition, technology and logistics programs, projects and activities that will enable the warfighter to be well prepared and supported for military operations, including coalition operations, to defeat any adversary on any battlefield.

STRATEGY

The International Cooperation in Acquisition, Technology and Logistics Strategy provides the vision, goals and outcomes/successes to guide and prioritize international cooperation activities, in concert with the SECDEF's guidance, DoD 5000 Series, and the USD(AT&L)'s Strategic Goals Implementation Plan.
